Last Order Date: April 30, 2009

Last Delivery Date: July 31, 2009

Diamond Systems Announces End of Life for the Diamond-MM-48 16 Channel Analog I/O PC/104 Modules

Due to continued low demand of the Diamond-MM-48 16 channel analog I/O modules, Diamond Systems is making obsolete the DMM-48-AT and DMM-48U-AT.

In order for us to fulfill your orders for the DMM-48-AT and DMM-48U-AT, orders must be placed with Diamond Systems on or before April 30, 2009. Only a firm order will guarantee the availability of this product to meet your needs. After April 30, 2009, availability of the DMM-48 products cannot be assured.

Replacement Products

For future needs, customers should order the combination of Diamond-MM-16 and OPMM modules available from Diamond Systems.

DMM-16-AT	Autocalibrating 16-channel 16-bit A/D + 4-channel 12-bit D/A, ext. temp.
OPMM-XT	Opal-MM 8 opto inputs, 8 relay outputs, extended temp.
