

PRODUCT CHANGE NOTICE

Part Number:

JMM-SIO

Jupiter-MM 50W DC/DC Power Supply with 2 Serial Ports

Last Order Date: May 31, 2009

Last Delivery Date: August 31, 2009

Diamond Systems Announces End of Life for the Jupiter-MM-SIO 50W DC/DC Power Supply with two Serial Ports PC/104 Module

Due to continued low demand of the Jupiter-MM-SIO 50W Power Supply module, Diamond Systems is making obsolete the JMM-SIO.

In order for us to fulfill your orders for the JMM-SIO, orders must be placed with Diamond Systems on or before May 31, 2009. Only a firm order will guarantee the availability of this product to meet your needs. After May 31, 2009, availability of the JMM-SIO cannot be assured.

Replacement Product

For future needs, customers should order either of the other two Jupiter power supply modules available from Diamond Systems. The JMM is a direct plug compatible replacement for the JMM-SIO only without the two serial ports. The JMM-LP offers a lower cost, lower power option.

JMM	Jupiter-MM 50W DC/DC Power Supply, extended temperature
JMM-LP	Jupiter-MM-LP 25W DC/DC Power Supply, extended temperature
